I Will for Cancer

Fundraising ideas come in all shapes and sizes! Every year we have fantastic supporters who register to hold a shave fundraiser through I Will for Cancer. Often this is done in honour of, or to support, a loved one.

Every dollar you raise helps in the fight against cancer.

I Will for Cancer fundraisers play an integral role for Victorians affected by cancer. Fighting cancer is not an easy job and it's one that Cancer Council Victoria definitely can't do alone – so we're hugely grateful for your support. This booklet is full of hints and tips to help you plan for a successful fundraiser.

How is your money used?

Cancer Council Victoria is an independent not-for-profit organisation which has been leading the fight against all cancers for 80 years. We fund revolutionary researchers, carry out public education programs and support families from the time of diagnosis and treatment through to recovery and beyond.

Here are just some of the ways we are fighting cancer, thanks to our wonderful fundraisers!

Cancer research

We know that research is the key to understanding the causes of cancer and improving treatment options. Every year we spend more than \$23 million on cutting-edge research at leading Victorian universities, hospitals and medical institutes, as well as carrying out our own behavioural research and epidemiology programs.

Prevention studies

A third of all cancers can be prevented, so we constantly raise work to raise the public's awareness of cancer screening and preventative health measures. Through important prevention programs such as SunSmart and Quit we can help Victorians reduce their cancer risk.

Cancer support

Each year, more than 10,500 Victorians access Cancer Council 13 11 20 which provides confidential information and practical support to cancer patients, their family and friends. We also run programs throughout Victoria to help people at all stages of their cancer.

Advocacy

We also advocate for better local, state and national strategies to combat cancer. This includes policy and legislative change in areas like bowel cancer screening, tobacco control and obesity prevention.

Make the most of your online fundraising page

Did you know the most effective way to fundraise is online? Here are some simple steps to get the most out of your online page.

Make it interesting

Add photos, videos and comments to your online fundraising page to let people know what you're doing. We've included a blank poster in your kit to write on and take a photo of yourself to get started!

Be the first!

By donating to your own fundraising page, you're showing your commitment to your fundraising and setting the benchmark for the family and friends who come to your page to make a donation.

Remember to upload a profile photo:

People want to see who they're donating to (and it helps create a connection!).

Update your fundraising page!

Keep your family, friends and colleagues updated with your training and fundraising progress:

- How are you going?
- What obstacles have you come across?
- What are you really enjoying?

Tell your story:

Let your family and friends know **WHY** you're doing what you're doing. They want to know your story, so go ahead and share your passion!

If you hit your target, or you're close to reaching it... increase it!

If your network think you're close to your target, they might not donate as much as they originally intended.

Can I involve the media?

Local newspapers, radio and TV stations are always on the lookout for stories that involve local residents, especially if there's a particularly unique, interesting or quirky angle. We've included a 'Media Tips' document in your kit or you can visit www.iwillforcancer.org.au for media resources.

TOP TIP

Asking for donations can be scary but if you are clear on what you are asking and why, people are generally supportive.

Email us at iwill@cancervic.org.au for the logo. These are the two options to choose from.

Horizontal version of the logo

Vertical version of the logo

Please note: The logo must have a 'clear space' the height of the Cancer Council 'C' around the logo.

Finances and records

It's a good idea to keep accurate records of your financial dealings during your fundraiser in case Cancer Council Victoria needs details of the income and expenses associated with your effort.
